Marta Molina Aguilera

Junior Developer

Web, Swift & Android applications

I am a Multiplatform Apps Development student, but it has been a journey to figure out my way. I have worked in many areas from dressmaker, to IT Support Teacher...

The coding-world was an exciting adventure waiting to be discovered. Right now I find myself enjoying each day of this journey. I can not wait for the next thing, I am always craving to learn more.

Experience

March 2021 — Now Madrid, Spain	Junior Developer (iOS & Web) <ul style="list-style-type: none">• Ktal application for iOS (Swift, SwiftUI)• MEAN Web Applications (Mongo, Express, Angular, Node & Bootstrap)• Web Template using ReactJs + Tailwind + CSS
